

Podio^{x3}
Made for milk

Maximised for choice.

The superpowers

- + Compatible with both dairy and alternative milks means more choice.
- + Revolutionary foaming technology adjusts the flow rate of milk, air and steam to produce silky, velvety foam with microbubbles.
- + Barista-quality favourites. Choose from cappuccino, latte, flat white, cortado, hot chocolate and many more to enjoy.¹
- + Superstar barista at a touch. Our smart pod recognition technology selects the optimal drink every time. The intuitive touchscreen displays step-by-step guide for the perfect extraction. You're welcome.¹
- + Quick and easy to install plug-and-play system. Win, win.
- + Effortless to maintain. The CostaX Cloud's 2-way telemetry keeps software updated and delivers live maintenance alerts, removing downtime, maximising availability, and saving you time.¹
